

Collection Agent

Are you a top gun revenue producer, looking for an opportunity to break out of the pack? Are you looking to become a part of a growing company that can feed you new business regularly and provide you with the tools to really achieve great commissions? Are you tired of being stuck on a single portfolio or dissatisfied with being a generalist and looking to focus on one or more specialty areas?

Here is what we look for in a top collection agent:

- A proven track record of performance with verifiable revenue results from prior employers
- Strong work ethic and ability to focus on results
- Ability to achieve high call volumes and strong call outcomes
- Powerful communication, persuasion and negotiation skills
- A commitment to abiding by the letter and the spirit of the law
- A competitive spirit - one who strives to be the top collector every month
- Ability to hit the ground running and capitalize on existing skills and experience
- A team player with a willingness to offer suggestions and tips to others to promote company-wide excellence
- Strong organizational skills to manage promises, PDC's, follow ups and more.

We offer an exceptional compensation package and an opportunity to be your own boss and determine your own income. **We will pay 35% commission on revenues you generate - FROM FIRST DOLLAR COLLECTED - and increase it to 50% after you achieve a pre-determined threshold. With as little as 6 months of proven performance and demonstration of ability to maintain our strict standards of professionalism, you can be approved to work independently from your own home, anywhere in North America.**

All inquiries are completely confidential and no contact will be made with your current employer until an offer is made and accepted. Such offer will be tentative until references and a background check have been satisfactorily verified.

If you're ready to move into a whole new arena and turn a job into a career with real opportunity, fax, email or telephone us at:
